## EXERCISE 11

### Comprehension language structures and functions.

There was once a small village called Kapsenge. People lived as a family and they were kind to another. They are always ready to help anyone who is in need. Most people in Kapsenge village are farmers. Some of them keep animals. Others grow different kind of crops.

After selling their crops, the people of Kapsenge village use some of the money to buy food for their families. They also pay school fees for their children. However they are careful not to spend all their money. They save part of the income at Equity bank, which is found at Mara shopping centre near Kapsenge.

Every morning, many people go to the bank to keep or take money. While waiting to turn to be served, customers sit on a bench in the bank. The bank gives people a chance to save and get loans. The people of Kapsenge love a clean environment.

They plant trees that makes the air fresh all the time people do not cut down trees carelessly. They plant trees around their homes. The branches of the tree provide shade during a hot day.

## EXERCISE 12

### Comprehension

Soil is very important to us. There are three types of soil. That is clay, loam and sandy soil. The best soil for building is sandy soil. Clay soil is good for modelling.
