Jane fell sick. She was taken to hospital by her mother. Jane had stomachache. After seeing the doctor, Jane was found to be suffering from typhoid. She was advised to wash her hands with soap and water before eating, after visiting the toilet and after touching animals.

- a) Who fell sick? \_\_\_\_\_ (1mk)
  - b) Where was Jane taken? \_\_\_\_\_ (1mk)
  - c) What was she suffering from? \_\_\_\_\_ (1mk)
  - d) When are we supposed to wash our hands? \_\_\_\_\_ (2mks)
- 

### Task 2: READING ALOUD

(10mks)

Read the story below aloud.

Halima's village has many homes and a health clinic. The people from the village visit the clinic when they are sick. When playing in the field, children cheer loudly.

Ali and his family also live in this village. Ali likes helping the elderly. He also helps his grandfather to water goats. Grandfather is always happy with Ali. One day, grandfather gave him a loaf of bread. The other children felt very bad. So they decided to make some brooms which they used to sweep the compound. They collected all the rubbish and put them in dustbins.
