

FORM FOUR CLUSTER KCSE MODEL 6

GEOGRAPHY PAPER 2 QUESTIONS

SECTION A (25 Marks)

Answer all questions in this section

- Name three international airports in Kenya. (3 marks)
 - Other than air mention two other modes of transport. (2 marks)
- State five effects of wind
- Name two types of open cast mining. (2 marks)
 - Describe solution as a process of underground mining. (4 marks)
- State five characteristics of subsistence farming.
- Name two areas in Western Kenya where flooding is common. (2 marks)
 - What causes flooding along the coast. (2 marks)

SECTION B (75 Marks)

Answer question 6 and any other two from this section.

- That table below gives the figures for the 1999 population census per District for Central Province of Kenya

District	Population
Nyandarua	479 902
Nyeri	661 156
Kirinyaga	457 105
Murang'a	348 304
Kiambu	744 010
Thika	645 713
Maragwa	387 969

- Other than bar graph, name three other methods that can be used to present the above data. (3 marks)
 - Draw a simple bar graph to represent the data in the table. Use a scale of 1 cm to represent 100,000 persons. (6 marks)
 - State four advantages of using simple bar graphs to present data. (4 marks)
- Calculate the population density for Kiambu District, given that its area is 1324km² (2 marks)
 - Give five reasons for the high population density in Central Province of Kenya. (10 marks)
- State four physical conditions that favour cocoa growing in Ghana. (4 marks)
 - Describe the cultivation of cocoa from land preparation to harvesting. (6 marks)
 - Explain four problems facing cocoa farming in Ghana. (8 marks)
 - Your class carried out a field study on cocoa processing.

State the steps of processing they may have identified. (5 marks)

i. Give two areas where permission was sought. (2 marks)

8. a)i) Name three breeds of dairy cattle reared in Kenya. (3marks)

ii) Name two dairy products in Kenya. (2marks)

b) Explain four human conditions favouring dairy farming in Kenya. (8marks)

c) Explain three measures taken by the government of Kenya to improve dairy farming. (6 marks)

d) Explain three ways in which dairy farming in Kenya is similar to Denmark. (6 marks)

9. a)i) What is industrial inertia. (2 marks)

ii) Name three agricultural non-food processing materials in Kenya. (3 marks)

b) Explain how the following factors influence location of industries.

i. Market (2 marks)

ii. Water (2 marks)

iii. Raw materials (2 marks)

c) State four characteristics of cottage industries in Kenya. (4 marks)

d) Explain five factors that led to growth of iron and steel industry in the Ruhr region of Germany. (10 marks)

10. a)i) What is fish farming. (2 marks)

ii) Explain three reasons why fish farming is being encouraged in Kenya. (6 marks)

b) Study the map of Kenya below and answer the questions that follow.

- i. Name the fisheries marked x, y and z. (3 marks)
- ii. Explain three problems encountered by fishermen while fishing on L.Victoria. (6 marks)
- c) Explain four reasons why inland fishing is more developed in Uganda than Kenya. (8 marks)
